NINE DEAD IN SMASH-UP IN NORTHWEST

Fast Train Hits Switch Engine With Horrible Results

[By Telegram to The Age] Enderlin, N. D., Dec. 24.—Loaded to its full capacity with people going to their homes in the east to spend the Christmas holidays, the southbound train on the Minneapolis, St. Paul & Sault Ste. Marie crashed into a switch engine in the west end of the railroad yards. Eight men were killed outright and one since has died of his injuries. Thirty-seven were seriously injured, and it is likely that the death list will be added to.

All of the fatalities occurred in the smoking car, which was completely telescoped by the baggage car. Here also were most of those who were injured, only two of the occupants of this car escaping injury. The car was crowded, and as the whistle had just sounded for Enderlin almost every one was on his feet when the crash came and the dead and wounded were piled into almost inextricable masses.

The list of dead: Charles Backus, Bergen, N. D.; M. J. Volkerling, Anamoose, N. D.; John Satterburg, Anamoose, N. D.; Tony Glenn, Volva, N. D.; D. J. Bettsford, Medicine Hat, Alberta; M. Rosenbaum, Volva, N. D.; W. J. Davidson, Sheldon, N. D.; A. O. Anderson, Starbuck, Minn.; unidentified man.

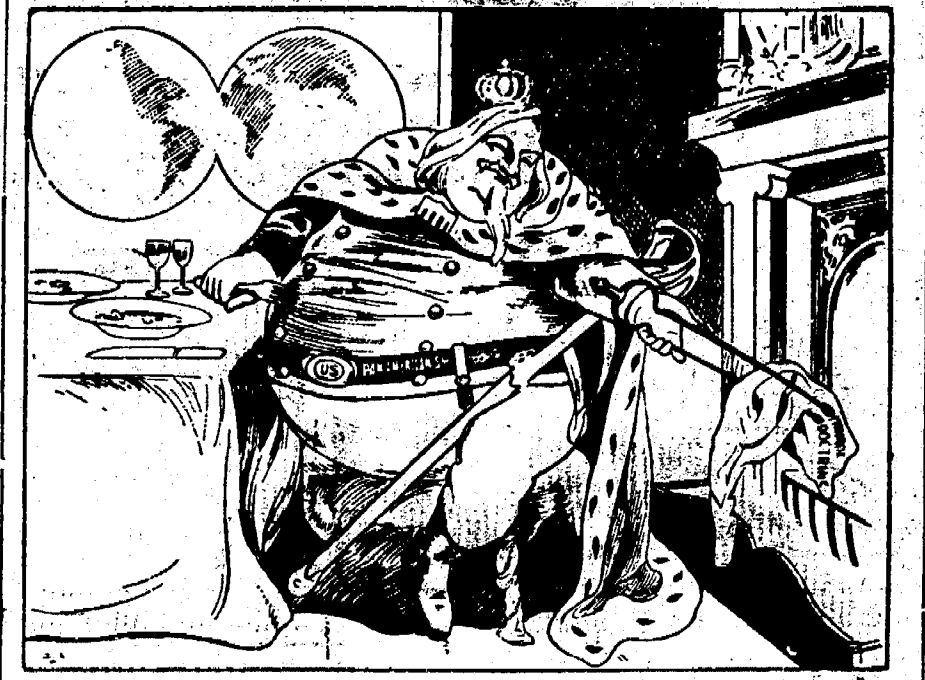

The train was late, and the engineer was running at high speed in an endeavor to make up the lost time. As he swung around a curve just before entering the yards at Enderlin, a switch engine was shifting a string of box cars into a siding. The cars did not clear the main track and the passenger engine collided head-on with the switch engine. Both engines were totally wrecked and the passenger cars were thrown in confusion down a small embankment at the side of the track. Several of the day coaches were turned bottom-side up, and the passengers pinned beneath the wreckage, which took fire from the stoves used to heat the cars.

Enderlin is the divisional headquarters of the railroad, and a rescue party was soon at hand endeavoring to release the imprisoned passengers from their perilous position. The groans of the dying mingled with the cries of anguish of the passengers less severely hurt, but who were in imminent danger from the flames, which were spreading fast through the cars. Axes were wielded by willing hands and the roofs of the overturned cars were broken open and the dead and injured taken out as quickly as possible. It was a race between the rescuers and the flames, but by herculean efforts all of the injured were removed before the flames reached them.

FAMINE IN CHINA

President Roosevelt issues a Proclamation Urging Contributions. Washington, Dec. 24.—President Roosevelt issued a proclamation calling on the people of the United States to contribute funds for the relief of millions of famine sufferers in China, who are on the verge of starvation. The president says that he will ask Congress for authority to use government transport vessels to carry food to the famine-stricken region. Contributions may be made either through National Red Cross treasurers or through the department of state.

HOW ONE JAPANESE PAPER REGARDS THE UNITED STATES.

The above illustration, taken from the Tokyo Puck, had the following caption attached to it: PAN-AMERICAN TRUST. Uncle Sam, who has already swallowed the Philippines and the Hawaiian Islands and has lately seized the Cuban republic, is now contemplating, as the home of the trust, a pan-American trust to look down on the old world.

LAY UNCONCIOUS ALL NIGHT LONG

Unconscious all night from a fifteen foot fall on to hard rocks, C. C. Ford of Coshocton R. F. D. No. 5, is recovering from a severe shock and an incident that he will not soon forget. The other night he went down to his spring house and dislodged one of his chickens out of a branch and got them properly arranged in the coop. While about the work he lost his hold and fell, striking the icy ground fifteen feet below. He lay unconscious.

His wife missed him, and frightened lest he were dead, as he did not answer her calls, she summoned his brother who lives a short distance away. His brother carried him in the house. Not until next morning did he regain consciousness.

He still favors his right arm and hand, but no bones are broken.

WHEELING IS JACKED-UP BY STATE BOARD

(Columbus Sun) The railroad commission of Ohio on Saturday made a ruling concerning practices upon the part of railroad companies, and two important rulings were made thereby.

The first of the principles laid down by the commission, in the decision to which this has reference, was with respect to the cars of one railroad company coming upon the line of another. The second, while not directly declaring against the use of private cars, contains in it a germ which may eventually develop in some other hearing into a prohibition of their use.

The particular cases in point are the findings of the commission and its order with respect to the complaints of the South Massillon Coal company and the Haring-Wilson Coal company, which were filed with the commission some weeks ago, and the hearing upon which was had on November 25. The complaints of these two coal companies, each of which are located in the Massillon district, were identical in character. They charged the defendant railroad company, the Wheeling & Lake Erie railroad company, with unjust discrimination in the distribution of coal cars among the shippers of that district. Testimony showed at the hearing that the discriminations consisted in granting to the Massillon Coal Mining Co. and the Wheeling & Lake Erie Coal Mining Co. the exclusive use of 1500 so-called private cars, and the exclusive use of certain foreign cars belonging to other railroad companies which were sent upon the line of the defendant company for steam coal for the use of the companies furnishing the cars. These facts the defendant company admitted, but justified its conduct with respect to the so-called private cars upon the basis of certain contracts which it claimed gave it the exclusive use of these cars.

Merry Xmas

The Age today went to press at noon, at the request of many advertisers who desired to say one last word to their patrons about Christmas shopping and in order to give The Age force an opportunity to attend to final Christmas needs. There will be no issue of The Age Tuesday, in observance of Christmas. To its big family of readers, The Age wishes most sincerely a very merry and fruitful Christmas and a happy and prosperous New Year. May Coshocton's material prosperity know no bounds and may you progress with it.

TREASURE ON THE OHIO

Customs Officials Make a Raid on the Big Battleship.

CURIOS FROM THE FAR EAST

Enough Rare Works of Art Seized to Start Three Stores — List Shows Laces, Silks and Valuable Articles of Apparel—Officers and Men Given a Chance to Pay Duty.

New York, Dec. 24.—The big battleship Ohio, just home from the far east, was raided by United States treasury officials in the Brooklyn navy yard, and evidences of wholesale smuggling were discovered. A big seizure of smuggled goods was made. The raid was led by Special Treasury Agent Ralph W. Clayton, in charge of the confidential work of the treasury department in matters relating to customs. The Ohio brought in enough rare works of art and curios from the east to start several stores. No arrests were made.

One officer was compelled to open his chest, and then the treasury agent beheld a wonderful collection of goods from the orient. That was only a small part of the big cargo of curios on the battleship. Nearly every one of the 734 men on the ship had an uncomfortable experience when his kit was opened and dutiable articles exposed to view.

Here is a partial list of goods seized: Nearly 50,000 cigars, 3,000 brushes and other toilet articles, hundreds of pieces of Chinese and Japanese bric-a-brac, all sorts of quaint ornaments, many cases of champagne and other wines, dozens of beautiful kimono, large collections of art objects and curios, many solid silver eggs, engraved with typical Chinese scenes; boxes of finest silks and costly laces that would make the Fifth avenue modistes wild with covetousness. Most of these goods were thrown in magazine lockers and put under guard. Officers and men were given a chance to pay duty on the goods and reclaim them, except in certain instances. It is understood that most of the officers paid the duty and regained their goods.

NOT EMACIATED.

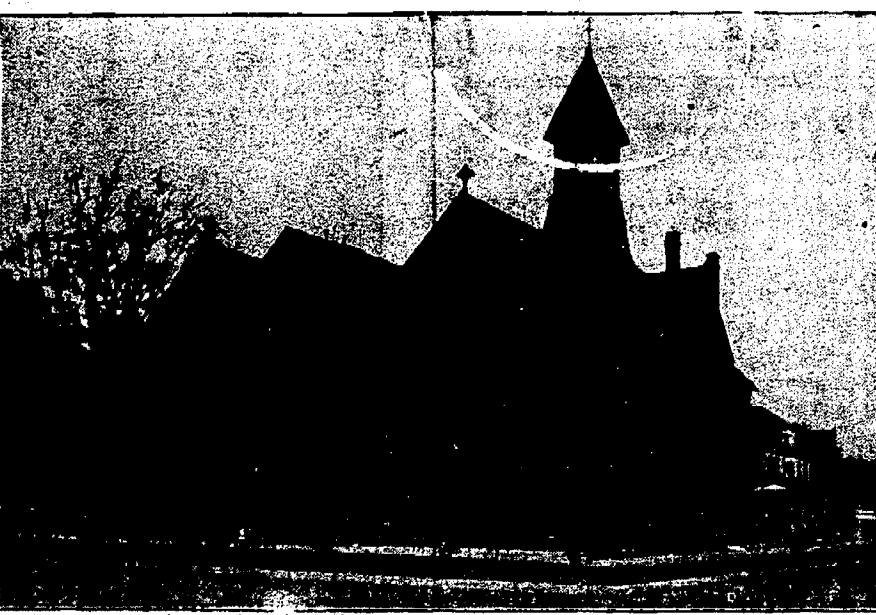

Hicks Rapidly Recovering From Effects of Entombment. Bakersfield, Cal., Dec. 24.—L. B. Hicks, who was entombed in a mine for nearly 16 days, and released at 11:25 Saturday night, is not emaciated, as was expected. He was strong, and the stimulants that had been prepared for him were not needed. His beard was thick and stubby, but not grown out as might have been expected. His face and hands were dirty, but his clothing was fairly clean and in good condition. Hicks was born in Kentucky.

Hicks in an interview said: "To a flickering match, to a rock loose and within grasping distance with which to signal at the moment when to have had nothing would have meant death. I owe my life. After the first shock, when consciousness came I did not fully realize the situation; I did not for hours. I lay there for hours, days, before I heard any sound. I thought for a time after the pipe came in that the men were fooling me as to the duration of time. I had estimated the time in my own way and figured that I had been in there 12 days before the pipe came in."

Plain Ones.

Three plain drunks appeared before Mayor Smith Monday morning when each pleaded guilty and were given the regular fine and released. One drunk was disposed of Sunday afternoon.

LINGAFELTER PICTURE PUBLISHED SUNDAY

The picture of Mrs. Lingafelter is published at last. The Cincinnati Enquirer Sunday publishes a half-page story of the Lingafelters and their speculations together with pictures of Prosecutor Fitzgibbon, Judge Maxwell and Campbell, Atty. Kibler, the Lingafelter residence and the picture of Mr. and Mrs. Lingafelter coming down the court house steps at Coshocton—the picture taken by an Age reporter.

CLARK OIL FIELD BRINGS IN GOOD ONE

Those who are familiar with the oil and gas conditions in the Bloomfield or Clark field predict that it will yet be one of the best low-producing fields in the state. The last well, which was drilled on the J. B. Lawrence farm by Fred Solomon, manager of the firm of Bonser & Solomon, is the best producing well in the entire field. This well was put down by Mr. Solomon in record-breaking time. The well was drilled to a depth of 800 feet in 120 hours. This is probably the best time ever made in this county. The well also gives more gas than the other wells and the people of Bloomfield are hopeful that it may not be long until they may be burning natural gas in their homes instead of coal.

Fred Norman Died Sunday

Fred Norman, son of Lincoln Norman, of Roscoe, died Sunday morning at 10 minutes before 4 o'clock at the home of his sister, Mrs. George Barnes on Burr avenue. Fred was about 16 years old, and has suffered for several years, but was only seriously ill recently. His mother died several years ago, and since that time he has made his home with his sister. The funeral will be held Tuesday afternoon at 1:30 o'clock and interment made in South Lawn cemetery. Rev. Hamilton will have charge of the services.

BROUGHT WORD OF CHEER FROM MISS ALICE FINLAY

Grace M. E. Church Never More Crowded Than Welcome To Him

Bishop Harris of Japan and Korea who filled the pulpit of Grace church at both services Sunday was given a three-fold welcome to Coshocton, first because he is a bishop of the Methodist church and Methodism in Coshocton appreciated the honor of having one of her most eminent sons for two consecutive services; second, because the first six months of his ministry were spent on a circuit in this county and consequently Coshocton has taken an almost personal interest in the success which has attended his labors; and third—and perhaps most important of all—because he brought word of Miss Alice Finlay in whose work scores of people here are interested.

The tribute Bishop Harris paid her was beautiful; he spoke of how near she was to her Coshocton friends in spirit although separated by many miles of land and water, of how anxious she had been to have him visit her home church during his stay in the states and went on to laud the unusual beauty of her character which has made her beloved by all with whom she has come in touch in the land of her adoption and caused her to be a constant inspiration and example to the young women with whom she is working. Bishop Harris brought greetings too from all the churches of Korea and Japan including in his bishopric and spoke of the high opinion the dignitaries of those countries have for the work the missionaries are doing citing the instance of the embassy from China who visited this country recently and upon being shown a list of places in Boston in which they might be supposed to take a special interest selected the offices of the Board of Missions as the first place which they wished to visit. The respect shown the missionaries who stayed at Midden during the war was another instance of this same high regard as is the reverence always shown the venerable Dr. Martin who has been in the Chinese service for 66 years.

From this introduction Bishop went on to his sermon, which was most appropriate to the season, was based on the text "Glory to God in the highest and on earth peace good will toward men." The important part must have been religion was emphasized first and the fact stated that when the speaker went to Japan 33 years ago there was not a hymn in the language, while now there are hundreds, the same used here in America translated into the Japanese tongue. According to Bishop Harris the world needs music to make it sweet just as it needs religion to make it triumphant; the followers of the Indian philosophies can hear trouble stoically but their philosophy is lacking alike in joyous music and the spirit of Christ which could make it triumphant.

Going on to the second part of the text the statement was made that Christ was born into the world at a time when there was no peace, at a time when men were trained to fight and when the motives for fighting were largely mercenary. Now when men fight they fight for the sake of the ultimate peace and although there are still rumors of wars the work of the Peace Commission is gaining ground. The Japanese are particularly a peace-loving people and have only voluntarily gone to war twice and then only upon great provocation, the insight given into pantheism by a man who studied it long and intelligently, very close range was interestingly deduced. Bishop Harris says that the hate war, "hate it bitter" when their swords are drawn, they fight to the end Japan's wars are great warriors but a man cannot be really great in peace unless he is equally great in war. The statement which the Japanese feel for Americans as a nation of peace was emphasized as well as that they have for our great mass less of politics and the closed with an earnest appeal for universal peace, the only way against being the one who is against ignorance and war. Bishop Harris was warmly welcomed by the congregation and the choir.

## ESCAPE FROM COUNTY JAIL

Nine Men Get Away at Cincinnati  
During Service Hours.

### USED A SAW AND A LADDER

[By Telegraph to The Age]  
Cincinnati, O., Dec. 24.—Sunday nine men escaped from Hamilton county jail. Among those who escaped were some desperate criminals, including Clarence Henri, arrested in New York, who stole the famous picture, "Girl Knitting," from Cincinnati Art museum. The others that escaped are Hugh Gastright, John Curtis, George Sherrod, William Saunders, Edward Ness, Frank Kammt, Joseph Thatcher and J. Sutton.

The prisoners made their escape during church service hours, at which time more liberty than usual is permitted. Their escape was effected by unlocking a door which leads to a narrow passage leading to the arched way between the outer wall and the cell block. Here two ladders were found and spliced together by bed clothing, and one of the ladders to the outer window was sawed and shoved aside. The spliced ladder was placed from the window ledge to the top of a cinder block structure in the jail yard, from the roof of which the prisoners dropped 50 feet to the ground. A small boy saw the men as they went to the roof and turned him in to the police in the office of the jailer.

Four of the prisoners, Theodore Steward, Edmund and Charles, were being re-arrested.

## PULLED A GUN TO MAKE SUNDAY ARREST

William Bachman, who was with William Schumacher and Henry Bries on Sunday about two months ago when they were arrested for hunting, was arrested Sunday afternoon about 7 o'clock by Game Warden Dinsmore. Bachman has eluded the officer ever since the trouble, and was standing near the postoffice Sunday afternoon. Dinsmore walked up to him and pulled a gun on him. Then placed the gun in his pocket and pulled out his mace and took Bachman before Squire Wimmer. He was given a hearing and pleaded not guilty, and his bond was fixed at \$50. Bachman's brother Andrew put up the bond, and he was released. The trial will take place Monday, December 31, in Squire Wimmer's court. Attorney J. C. Adams will represent Bachman.

### Indian Schools.

Washington, Dec. 24.—The annual report of Miss Estelle Reel, superintendent of Indian schools, indicates that manual training is becoming a feature of education among the Indians and with entirely satisfactory results. The superintendent has visited practically all the Indian schools during the year, and reports that more teachers are recognizing the special characteristics of the Indian, and consequently better methods of teaching prevail. The teaching of cooking and home laundry work now occupies a permanent place in the regular course.

**PLAN TO PREVENT RAILROAD REBATING**

Judge Gaynor Wants U. S. to Appoint Freight Agents.

**MAY HAVE TO DO SO, HE SAYS**

Such Officials Not to Fix Rates, Suggests New York Justice, but to See That All Pay Prescribed Rate, No More and No Less—Declared Favorable in Freight Rates Obstacle Crime of Our Day and Generation.

Justice William J. Gaynor of the New York supreme court in a speech at the Economic club dinner in Boston the other night made a novel suggestion for the prevention of railroad rebating, says the New York American.

Judge Gaynor's remarks were received with grave attention.

"It is my belief," he said, "that the government should appoint the general freight agent of every railroad, and it may have to do so, for he, through his subordinates, could stop the abuse at once."

"Some one will say, 'Yes, but he could be bribed.' Yes, of course, for that is always possible. But let us remember that it is not the rule, but the exception, for high officials appointed by the president of the United States or government to accept bribes."

"As Hamilton said, contrive as you may, in the last analysis you have to repose power in some one, and I would rather see the power in this instance in the hands of a responsible and answerable government official than in the hands of individuals seeking their own aggrandizement."

"I am not suggesting that the government through such freight agents fix the rates. I would leave that as it is. The duty of such officials would not be to fix rates, but to see that every one paid the prescribed rate, no more and no less."

At the outset of his remarks Justice Gaynor pointed to "the degradation of the national house of representatives from a deliberative body to a mere puppet of its speaker and his committee on rules."

"Think of the great railroad legislation of last session being passed upon a discussion limited to a few hours in the house of representatives," he said. "A discussion of six months would not have been too long to work out to the last analysis so great a subject, and the last analysis is what legislation should always be."

Judge Gaynor then said in part:

"Let no one be under the delusion that there is any prejudice or hostility to honestly acquired wealth, however great, in this country."

"It used to be a saying that you could hire half the people to shoot down the other half; but, while that is no longer true, owing to the education of the many, and the consequent shifting of the center of thought from the few to the many, we must still consider the immense power of combined wealth, especially for evil."

McKane thrilled the people of Great Britain in his last successful campaign by saying, "Let us put our trust not in titles nor in squire's nor in peers nor in acres, but in the honesty and intelligence of the nation." The same sentiment should throb as a fire coal in the minds of our public men.

"There is no danger of the confiscation of private property in this country any more than in England. But the acquisition of private property by the dishonest use of public franchises and the aid of cunning statutes is a very different thing. It is more than a menace to our republican institutions; it is fraught with their destruction if suffered to continue. The moral odium of it would in the end debase us all, and no base people can in the nature of things remain a free, self governing people."

"It has been difficult to get some people to understand that our railroads are not private roads, but our public highways, just as much so as our roads which run alongside of them."

"Mr. Bryan recently suggested that the government should take over the railroads and run them. He based this on the assertion that a railroad is a monopoly and that there should be no private monopolies. His conclusion is sound, but I do not see that his premise is. Although there is nothing novel or startling in his suggestion of government ownership and operation when three-fifths of the railroads of the world are owned and operated by government."

"Any favoritism in railroad rates is absolutely unlawful and always was. The only new laws we needed on that head was to enable us to put in prison railroad officials who should be found guilty of such favoritism."

"Inasmuch as we now have such laws the prosecution of the corporation itself, a mere name which has no physical body to be put in prison instead of the guilty officials, is not having a good effect on the public mind, to say the least."

"It is the guilty railroad official, however high and even though he may have arisen to a high place in the councils or government of the nation or if he be only the local station agent in a village or the loneliest place, who should be prosecuted."

"This favoritism in freight rates is the greatest crime of our day and generation."

"To allow one man or set of men to have their freight carried over the public highways at a rate so much lower than that which their rivals in business are charged as to enable them to undersell such rivals and even drive them out of business is so heartless and so damnable that we shall be looked back upon by our descendants and by the future historian as a generation lost to moral sense for having suffered such a condition to exist so long."

"Just think of the public highways of a nation, open by law for all on equal terms, being used by the persons in control of them for such a purpose! It is shocking!"

"It has done more wrong and worked more evil than all of the ordinary crimes for which we imprison men every day. It has caused a deep seated conviction in the community that we do not convict our big criminals here as they do in England."

"A trust is a partnership or combination of competing corporations. By such partnership or combination competition is destroyed. This is the meaning of the word in the public mind as applied to aggregations of commercial capital. Such combinations were at first made by means of trustees, and that is how they came to be called trusts."

Judge Gaynor told how after the Standard Oil and sugar trusts had been dissolved by suits in New York and Ohio "some master mind, lawyer or layman conceived the notion of a corporation being formed with power to acquire and hold the share certificates of other corporations, of any number of other corporations without limit," and concluded:

"If there be blame, we are ourselves to blame, for we elected representatives to our legislatures to pass these statutes. And the incredible thing is that all the while both the voters and their legislative representatives were crying out loudly against the trusts. Was such a spectacle ever before seen in the world?"

"Buckle points out that the commercial reforms of the first half of the nineteenth century in Europe consisted in repealing the laws which had been passed to regulate and control the trusts which were all forms of monopoly."

**BOYS HAD FUN WITH HIGH ONES**

Washington, Dec. 24.—Just about once each season can the "common people" meet the president on common ground and have fun with him without fear of results. This is at the Gridiron club banquet, and the newspaper fraternity takes all advantage of the license. Official Washington still is laughing at the verse with which the president was baited at the dinner of the other evening. The song was set to the air of "He Walked Right In, then turned around, and Walked Right Out Again," and the president's recent trip to Panama was his excuse. The chorus ran: "He sailed right in, and turned around then sailed right home again; his trip across the isthmus strip took him just hours ten; He asked his questions on the fly, And scarcely stopped to say goodbye."

He sailed right in, then turned around and sailed right home again."

President Roosevelt laughed heartily at the song and applauded it vigorously. He didn't seem nearly so pleased, however, when some member started the chorus of the song that caused so much amusement at the banquet last January, and which, sung to the air of "Everybody Works but Father," ran:

"Tillman, Bailey, Chandler; That's how our idol fell; O, everybody lies but Roosevelt, They do like — O, well!"

The exchange of pleasantries between the president and former Ambassador Storer, in which the latter has been branded with the epithet of "liar" from the white house, is too much in the public eye to render apparent the humor of such a verse. The presidential discomfiture, however, was enjoyed by the inguistors who had Mr. Roosevelt on the grill.

**GUARANTEED REMEDY FOR INDIGESTION**

Interesting Statement by C. E. Anderson

When a man comes into this store and calls for any particular indigestion remedy, we always give him what he asks for, but in case he leaves it to us we usually recommend Pepsikola tablets.

Here is a preparation we have been selling right over the counter for years, on from actual observation we know it must do good, and really does relieve and cure indigestion and dyspepsia or there would be a steady stream of people coming back for their money, as every 25 cent box is sold with the understanding that you must be decidedly benefited or there is nothing to pay.

You simply try Pepsikola tablets with the understanding that they will steady your nerves, improve your appetite, relieve wind belching, coated tongue, sour stomach, fullness after eating, weakness and energy and other symptoms of indigestion or C. E. Anderson is ready at any time to pay back your money without the least argument.

**Proper Breathing.**

According to a lecturer on health, people that breathe through the mouth, habitually neglecting the nose, the proper channel for the air supply, "have short upper lips, flat cheeks, irregular and decayed teeth, pigeon chests, pointed chins and pointed or upturned noses"—a dreadful list of dire penalties, in truth, fearful enough to convert us all in a moment, yet

greatly exaggerated, of course. However, as we have heard many times, usually never heeding as we pass by, it is decidedly injurious to breathe through the mouth. Moreover, if we stop to consider a bit, we shall be able to see for ourselves several common sense reasons that ought to make us supply our lungs with air through the nose. Taken in by way of the mouth, the air reaches the lungs by a much shorter route and without the beneficial warming and cleansing process so well afforded by the longer nasal passage. In winter especially should we take care to breathe only through the nose, thus lessening greatly our chances of taking deep seated cold. It is merely a matter of habit and simply a question of trying after all.

**School Reform.**

Chicago, Dec. 24.—In England, France, Germany, Switzerland, Italy and the United States there has been a steadily growing impression that the schools are not being as well utilized as they might for the purpose of moral training and development of citizenship. A conference to consider the whole matter was held in London last autumn, resulting in the organization of the international movement for the promotion of moral training in the public schools. This year the international association is to make a systematic effort to collect information as to the best work being done in moral training in the schools of Great Britain, Germany, Switzerland, Italy, America and Japan, and for this purpose will send out several expert commissioners.

**Weak Kidneys**

Weak Kidneys, surely point to weak Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach the controlling nerves. To doctor the Kidneys is to doctor the Nerves. It is a waste of time, and of money, to do so.

If your back aches or is weak, if the urine is scanty, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative. It is a medicine that will cure you. It is a medicine that will do for you. Druggist recommend and sell.

**NEW YORK FASHIONS**

**Pattern For a Fancy Blouse Waist Designed by May Manton—No. 5487.**

Every variation of the blouse waist meets a demand. This one is equally charming for the gown and for the separate waist and has the great merit of suiting all the fashionable set materials perfectly well. As illustrated it is made of Oya-ma crepe in a pretty shade of China blue combined with white lace and velvet ribbon a shade darker than the crepe. Velvet ribbon is being greatly used this season and is always handsome, while the crepe is one of the prettiest of the lovely materials of the sort. There are, however, hosts of others that might be used for almost everything. The fashionable is sufficiently soft to be tucked with success. The waist is made with a fitted lining and itself consists of the front and the backs. The backs are tucked for their full length, but the front to yoke depth only. There are deep plaits at the shoulder at both front and back which give the desired breadth and the fullness at the waist line is simply adjusted to the figure, so that the waist can be worn with a shirred skirt, as illustrated, with a girle or any belt that may be liked. The sleeves are quite novel and are shirred at their outer portions, while they can either be finished at the elbows or extended to the wrists, as shown in the back view. The quantity of material required for the medium size is 2 1/2 yards 21, 2 3/4 yards 27 or 2 yards 44 inches wide, with three-fourths of a yard of all over lace, 2 yards of velvet ribbon and 22 medallions to make as illustrated. The pattern, 5487, is cut in sizes for a 32, 34, 36, 38 and 40 inch bust measure.

WILL IT BE CHRISTMAS?

Tomorrow is Christmas day. Tonight, the night that Santa Claus and  
his reindeer start forth from his home afar off and make glad the hearts  
of good little boys and girls. Tomorrow is a day of joy and happiness, but  
just how joyful or how happy, depends on the individual and his interpre-  
tation of the day. The man who loves his fellowmen, the man who loves  
little children and their prattle and beliefs, the man who breathes the spirit  
of peace on earth and good will toward men, these will know the day.  
But the person to whom Christianity means nothing more than a cult,  
who doubts or scoffs that there ever was a Child born in manger who was en-  
dowed with more than ordinary human virtues—can he realize what Christ-  
mas is? Hardly.

HOW TO WING A BURGLAR.

A chief of police in a neighboring city advises the treatment of burglars  
as follows:"When you fight with a professional thief or burglar you are battling  
with an insane man. Few of them will hesitate to take life to gain their  
ends. They believe they are only protecting themselves when their victims  
give battle.""If a man holds a revolver at your head don't fight unless you have  
excellent chances. Remember the man is a maniac. Give him what you  
have and get him later if possible. To fight in the face of a leveled re-  
volver in a thief's hands is almost suicidal.""Don't come downstairs after a burglar unless you have a gun and can  
shoot well. Be sure there is no light near you or you will offer yourself  
as a target. Above all tread stealthily and make sure of your man. But  
never search unless armed and prepared to use your weapons.""The best plan is to have a police whistle and sound it from your bed-  
room window. If not that open your window and shout for assistance.  
Call the police. That is the safer plan. The burglar downstairs is crazy.""Do not hide your revolver under your pillow when you go to bed. The  
burglar will get your gun the first thing when he comes to your room. Put it  
under your dresser or under the bed, and lie still. When the burglar  
leaves then get your weapon and get him as he is leaving. If you don't  
leave your gun, the burglar will take it as well as your valuables. Don't  
fight unless you have the advantage. Human life is dearer than riches, but  
the professional burglar thinks otherwise and will not hesitate to take it."

Columbus, O., Dec. 24.—In a ruling  
favoring coal operators along the line  
of the Wheeling & Lake Erie Railway  
company the state railroad commis-  
sion established an important regula-  
tion concerning the use of so-called  
private cars for the transportation of  
freight. Carried into full effect it will  
greatly relieve car stringency, be-  
cause it will release for general use  
many thousands of cars now allotted to  
favored shippers through equivocal  
leases and other devices designed to  
evade the law against discrimination.  
Although brought against a single  
railway company, it must be under-  
stood that it applies to all parts of the  
state as well.

Gilmans Give Bail.

Dayton, O., Dec. 24.—Mrs. Kate Gil-  
man and son Collins, who were com-  
mitted to jail by Magistrate Wagner,  
following a preliminary examination  
on a charge of murder against mother  
and son, were released from jail by  
order of Judge Martin, each giving  
bail in the sum of \$5,000. Barry S.  
Murphy, an attorney, went on the  
bond. Offers representing over a mil-  
lion dollars were made by prominent  
citizens, who were ready and anxious  
to furnish the bail. Mrs. Gilman was  
removed in an ambulance to a hospi-  
tal. The grand jury will soon take  
up the Dona Gilman murder case.

Paper Turned Over to Ministers.

Kenton, O., Dec. 24.—For one day  
Kenton is to have a newspaper con-  
ducted and edited as the Disciples of  
Christ might desire. This city will  
have union revival services of all the  
evangelistic churches, beginning Jan. 2.  
The News-Republican, a local ten-  
page daily newspaper, offered its office  
and paper to the Kenton ministers for  
one day, Dec. 29, the ministers to have  
absolute charge of the entire issue.  
The ministers accepted the proposi-  
tion, and will publish 3,000 extra  
copies and will sell them at 10 cents  
each to defray expenses.

Madman at Large.

Lebanon, O., Dec. 24.—A wild man  
is terrorizing the community sur-  
rounding Socialville, 10 miles south-  
west of here. A new bicycle and a  
penknife, together with a long manu-  
script, evidently written by a demented  
person, were found hidden in West-  
ern Row schoolhouse. The man has  
been seen lurking about this building  
at night. Weir howls have been  
heard from that direction for several  
weeks and a search in the woods has  
disclosed a hut, built of sod and bark,  
having every appearance of being re-  
cently occupied.

Coroner Says Murder.

Columbus, O., Dec. 24.—Walter  
Smith, who died in front of a Greek  
restaurant, was murdered, according  
to the opinion of Coroner Murphy  
after the post mortem examination  
held at the morgue. Smith, who lived  
on Denning avenue, was with Walter  
Olbert in the restaurant run by Peter  
Pappas, when a fight started. The  
trouble was renewed outside and Ol-  
bert alleges that Smith was struck by  
a tall man wearing an overcoat, black  
stiff hat and having a black mustache.  
Smith's neck was broken.

Discharge of Sixtieth Ohio.

Washington, Dec. 24.—Correspond-  
ence regarding the muster out of the  
Sixtieth Ohio regiment of Infantry,  
concerning which Senator Foraker in  
a speech in the senate took issue with  
President Roosevelt, was given out at  
the White House. The correspond-  
ence includes letters passing between  
Brigadier General Daniel Tyler, com-  
manding at Camp Douglas, Chicago,  
and officials of the war department  
and pension office at Washington. In  
a letter to Adjutant General Thomas  
at Washington, dated Chicago, Oct.  
22, 1862, General Tyler used the  
words, "This regiment (the Sixtieth  
Ohio volunteers) is disorganized, mu-  
tinous and worthless." "The officers,"  
he adds, "have not the least control  
over the men, the men are mutinous,  
and I am absolutely without the power  
to enforce subordination." He asked  
that the question of the discharge of  
the regiment be brought before the  
secretary of war. "It will," General  
Tyler added, "rid the government of a  
worthless regiment." Next is a tele-  
gram from General Thomas directing  
the muster out of the regiment—both  
officers and men.

What Survivors Say.

Hillsboro, O., Dec. 24.—The charge  
made by President Roosevelt that he  
found a precedent for dismissing the  
negro troops in the discharge of  
the Sixtieth Ohio regiment during the  
war of the rebellion created a sensa-  
tion here, as the regiment was recruit-  
ed at this point and many of its sur-  
vivors still reside here. Several of  
them say that they never knew of any  
such blot on the history of the reg-  
iment, and each has an honorable dis-  
charge from the service.

Smallest Horse in World.

Columbus, O., Dec. 24.—Ohio State  
university will come into possession of  
the skeleton of Minnie Speck, the  
smallest horse in the world. The bones  
will be mounted and used in class  
demonstrations in the veterinary col-  
lege. This diminutive horse, aged 6  
years, died of acute indigestion at  
Pomeroy. When Minnie Speck was a  
2-year-old her owner, Ed Wigand of  
Columbus, carried her about in a dress  
suit case, exhibiting her at county  
fairs. She weighed 65 pounds and was  
25 inches in height.

Lodging House Row.

Columbus, O., Dec. 24.—Following a  
night of revelry in a Slavonic board-  
ing house in South Columbus, John  
Shegaroe received a bullet wound  
which resulted in his death at a hospi-  
tal. The tragedy was the result of  
a quarrel which attended a celebra-  
tion over the arrival from Europe of  
the wife of one of the boarders. Peter  
Mandish, one of the party, who has  
disappeared, is suspected, and three  
other men are held pending an inves-  
tigation.

Threw Himself From Window.

Lebanon, O., Dec. 24.—Jas Glenn,  
88, an inmate of the county infirmary,  
threw himself from a third-story win-  
dow and was instantly killed. His  
mind had been affected since last  
June. He forced his window open  
and broke the strong bars securing  
the shutters, then leaped 60 feet to  
death. Every bone in his body was  
broken and the remains horribly  
mangled.

Toledo Catholics Protest.

Toledo, O., Dec. 24.—A large audi-  
ence assembled at memorial hall to  
make a protest against the recent ac-  
tion of the French government in re-  
lation to the Catholic church in  
France. The audience was largely  
composed of people of Catholic faith  
and the addresses were delivered by  
local priests.

Captain Macklin Will Recover.

El Reno, Okla., Dec. 24.—The condi-  
tion of Captain Edgar A. Macklin, who  
was shot by a robber at his residence  
at Fort Reno last Friday night, is im-  
proved and recovery is assured. The  
robber has not yet been arrested, no  
do the detectives in the case seem to  
have any positive knowledge of the  
man's identity or his whereabouts. It  
is believed he caught a train at Dar-  
lington station, four miles distant, and  
which point his trail was followed  
by bloodhounds.

## A Woman's Back

Has many aches and pains caused by  
weakness and falling, or other displace-  
ment, of the pelvic organs. Other symp-  
toms of female weakness are frequent  
headache, dizziness, imaginary specks or  
dark spots floating before the eyes, gnaw-  
ing sensation in stomach, dragging or  
bearing down in lower abdominal or pelvic  
region, disagreeable drains from pelvic  
organs, faint spells with general weakness.  
If any considerable number of the above  
symptoms are present there is no remedy  
that will give quicker relief or a more per-  
manent cure than Dr. Pierce's Favorite

### Twentieth Anniversary.

Quite the prettiest and most delightful of the holiday events was the celebration Sunday evening of the twentieth wedding anniversary of Mr. and Mrs. W. A. Himebaugh. They gathered about them about forty of their friends for one of the most congenial of dinner parties. The bride and groom of a score of years ago sat at the head of the tables, the bride just as charming as upon that day those few short years ago, and gowned in the self-same wedding dress and veil. Six elaborate courses were served and the tables were an artistic representation of Yuletide with their great strands of smilax and clusters of holly, making a pretty picture with the cut glass and silver under the soft glow of the candles. Over the coffee several toasts were responded to; Mr. C. B. McCoy for the bachelors; Mr. R. C. Snyder to "The Ladies"; Mr. J. F. Meek, to "Marriage"; Mr. F. E. Pomeroy to "The Anniversary"; and Capt. J. M. Compton, who had been a guest at the wedding twenty years before, to happy reminiscences. It was throughout, an event of rare charm and warmth of hospitality and the heartiest of congratulations were showered upon the bride and groom, whose honeymoon days are never over.

### Wedding Bells.

Quite the most complete surprise Plainfield and Bacon vicinities have known in a long time was occasioned by the marriage of Mr. James Kinney of Plainfield and Miss Nellie Barcroft of Bacon, Saturday evening.

They drove to the home of Rev. Dr. Thropp in West Lafayette and were quietly married, returning at once to the home of the bride.

Mr. Kinney is widely known throughout the county and is a prosperous young farmer of Linton township. He is a man of sterling qualities and bears an enviable reputation for his honesty, industry and geniality.

Mrs. Kinney is the daughter of Mr. and Mrs. Ralph Barcroft and is widely and most favorably known both in her own neighborhood and in the city of Coshocton.

These young folks have the best wishes of their hosts of friends for a long, happy and prosperous wedded life.

### MISS MARY GARDNER, AMERICAN SOPRANO.

It is seldom that a profile portrait displays such delicate charm in curves of lip and neck and chin as the accompanying photograph of Miss Mary Gardner. This young American girl a few years ago attracted the admiring attention of the English musical world by her wonderful soprano voice when she appeared at Covent Garden, London. She is one of an increasing number of American beauties who have gone and sung and conquered in European capitals.

## Woman's Watchword Is Modesty.

Whatever threatens woman's delicate sense of modesty, frightens her. For this reason many a woman permits disease of the delicate womanly system to become aggravated because she cannot bring herself to submit to the ordeal of unpleasant questionings, offensive examinations, and unnecessary local treatments, which most physicians think necessary. Countless thousands of the women who have taken advantage of Dr. Pierce's offer of free consultation by letter have been led to do so by the hope thus offered from a treatment repugnant to modesty.

A sick woman may write to Dr. R. C. Pierce, Buffalo, N. Y., in perfect confidence; all letters of consultation being treated as strictly private and confidential, and all answers being sent in plain envelopes with no revealing or other printing upon them. Such consultation costs you nothing whether you take treatment from Dr. Pierce or not.

Dr. Pierce's Favorite Prescription has been long hailed as a "God-send to women." It makes weak women strong and sick women well. It enables women suffering from "female weakness,"

polypus, uteri, retroversion, anteversion, and other displacements of the organs distinctly feminine, to cure themselves right in the privacy of their homes. Pelvic catarrhal discharges, painful irregular periods, backache, frequent headaches, weak nerves, dragging-down pain or distress in the lower abdominal, pelvic, region, gnawing sensation in stomach, dizziness, or faint spells, and other conditions and symptoms are cured by Dr. Pierce's Favorite Prescription. It is not a secret or patent medicine, against the use of which most people of intelligence naturally object, but it is, in fact, the "Favorite Prescription" of a regularly educated and experienced physician in the treatment of women's peculiar ailments and who is not afraid to publish all its ingredients, as he does, on its bottle-wrapper, insuring the correctness of the same for all time.

"Favorite Prescription" is the one medicine for woman's delicate ailments which contains neither alcohol, nor opium, habit-forming drugs, being a pure glyceric extract of curative principles found in our most valuable natural medicinal roots, as attested by many of the most eminent medical writers and teachers of all the several schools of medicine.

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, adapted to woman's delicate system, made of native American medicinal plants and is perfectly harmless in its effects in any condition of the female system.

It is a powerful invigorating tonic. "Favorite Prescription" imparts strength to the whole system and to the organs directly feminine in particular. For over-worked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and other women generally, Dr. Pierce's Favorite Prescription is the greatest health boon, being unequalled as an invigorating cordial and restorative tonic. It soothes and strengthening nerves. "Favorite Prescription" is unequal-

ed and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and "despondency."

You can't afford to accept a secret nostrum as a substitute for this PROVEN REMEDY OF KNOWN COMPOSITION.

"The Blood Is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. C. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of KNOWN COMPOSITION, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

## HUDDLED ABOUT CAMPFIRE ON CHRISTMAS EVE

You who will spend your Christmas eve in a warm room with all the comforts of modern life, imagine if you can a family scarcely a mile away camping out in wagons by the roadside with nothing but a smoky bonfire to keep them warm. Such is the condition of affairs just above the ice house along the Miller road or about half way between the ice house and the Mill Creek bridge. Huddled around the campfire not too luxuriously attired is this nomadic family in the dead of winter, the little children trying to warm themselves by bending over the fires. Tied to a tree a few feet away are two sorry-looking horses shivering from the wintry winds but patiently bearing up under their fate. Altogether it is a sight which has touched the hearts of Coshocton people who have chanced to pass that way.

Industrial Crisis. — Lodz, Dec. 21.—The town is threatened with a serious industrial crisis. It is practically controlled by Socialists, without interference from the government. One-fourth of the population is without work or bread, and unless the workmen abandon their excessive demands the employers have decided to close all manufacturing within five days.

Gas Explosion. — Pittsburg, Dec. 24.—Four persons were burned, three fatally, as the result of a natural gas explosion in the home of John Carvel at Washington, Pa., near here. The fatally burned are John Carvel and his sons, Frank and John. Joseph, a third son, was seriously injured.

Porter Kills Two Negroes. — Columbus, Ga. Dec. 24.—The negro porter on the Central of Georgia passenger train that left Columbus for Macon shot and killed two negroes at Jumper station. The negroes were charged with disturbance and the porter attempted to eject them. They resisted, attacking the porter with knives.

Farmer's Death. — Emporia, Kan. Dec. 21.—Mystery surrounds the death in a hospital here of Monroe Morgan, 65, a wealthy farmer, who was found in an unconscious condition on the outskirts of Emporia. It is believed that Mr. Morgan was robbed and given poison.

## Church News

Grace — The Christmas programs which were to have been given Sunday were postponed a week owing to the visit in Coshocton of Bishop Harris. There will be a special Christmas song service at the prayer meeting Wednesday evening. The Bible Study Class will meet next Friday evening at the church.

Presbyterian — Mr. Freeze, a convert from the Mormon faith and a man who is recognized as one of the most forceful speakers on the subject will fill the pulpit next Sunday. The Beginners and Primary Departments of the Sunday school will have a party at the church next Wednesday afternoon between the hours of two and four. The Brotherhood will meet at the church Friday evening.

Baptist — The Bible Study class meets tonight at the church. The Boys and Girls clubs have a joint meeting at the church Thursday evening.

German Evangelical — The Christmas entertainment will be given by the Sunday school tonight. All are invited to attend the service.

U. B. — The cantata "Mother Goose's Visit to Santa Claus" will be given by the Sunday school Christmas evening.

## VALUE OF WIDE TIRES

CANADIAN DOCTOR TELLS HOW THEY BENEFIT ROADS.

Have a Greater Bearing and Do Not Cut Into Them—He Favors Tires Four Inches Wide—How They Destroy Ruts.

A vast amount of the present wear and tear of and injury to roads could readily be avoided by using wide instead of narrow tires on heavily loaded wagons, says Dr. J. O. Reume of Toronto, Canada, in the Motor News. Narrow wagon tires are the great destroyers of good roads. The injury done by these increases as the wagon gets older and the wheel wobbles loosely on the axle. A narrow tire on an old and heavily loaded wagon can do more damage to a road in one trip to market and back than would pay for a new wagon.

Wide tires, on the other hand, are a benefit rather than an injury to the road. They have a greater bearing and do not cut into the road. Instead of two inches of road surface supporting the load, wagon and all, by doubling the width of tire the load is distributed over twice the amount of road surface. In making wagons consideration should be given not merely to the strength of the wagon and its wheels,

A WIDE TIRE ROAD IN KANSAS. but also to the strength of the roads to be traveled and the kind of wagon they have strength to support.

Tests have been made from time to time of the effect of wide tires not merely on the roads, but also on the pull required to move the loads. Among these tests have been those made by the British Association For the Advancement of Science in 1902, by the experimental station of Missouri university of 1907 and more recently by the United States war department. The results in all cases have been practically the same:

First.—With regard to the roads it is found that wide tires leave a road in better condition than before passing over it.

Second.—As to tractive effect, the only practical disadvantage of wide tires arises where the road is so soft that the wheels sink into it and the mud sticks to the rims and packs between the spokes. On very hard, smooth roads or roads covered with dust wide tires require a very slightly increased tractive effort. On all other classes of roads the advantage is in favor of the wide tire.

The practical application of the result of tests is that for traffic on country roads if wide tires of four inches and upward are generally used there would be a decided improvement in every class of road. The tractive power required would be less and the cost of keeping the roads in repair would be much reduced. If all farm wagons were equipped with wide tires the muddiest and stickiest of our roads would be very much improved and many of what are now known as bad roads would be for the most of the year in fair condition.

While the majority of wagons continue to have narrow tires, the few having wide tires are heavier to draw on very muddy and sticky clay roads but on the great majority of roads, the average country roads, the advantage is in favor of the tire four inches wide.

It is urged against wide tires that they do not roll freely in the ruts made by narrow tires. So long as narrow tires are commonly used this will be the case to some extent; but, on the other hand, if wide tires were generally used the ruts would not exist. In any case, with narrow tires the bottom of the ruts made by the narrow tires are constantly grinding against the sides of the ruts, creating the greatest friction, so that the objectionable difference is not so great as it appears on first sight. If it exists at all it is further contended that the wide tires come in contact with more loose stones than do those with a narrow tread. The greater resistance offered in this way is more than counterbalanced, however, by the loose stones dropping into the narrow ruts.

In the one case the wheel goes to the stone; in the other the stone gets in front of the wheel. The irregular bottom of the ruts and the stones in the narrow ruts keep up a constant vibration of the wagon, which transmits a swinging motion to the tongue, jailing and annoying the horses and destructive to conveyances.

A provincial law coming into effect after a term of years requiring a standard width of tire for certain classes of wagon axles would not create hardship, might be accompanied by a small amount of tax on a small device and should result in a better condition of roads and a more comfortable ride.

## Good Riddance to Rheumatism

Health is Happiness! Pain is Misery!!

There is no pain more distressing than that of Rheumatism. Rheumatism includes Neuralgia, Sciatica and Gout. The presence of any of these diseases means that the blood is full of Uric Acid. Nature resents so much poison and in her efforts to clear it from the blood, forces some of it into the joints—on a bone—anywhere. The dull steady ache and the sharp twinge in arm and leg are the beginning of the disease. Permanent disablement and unendurable torture are the penalty of the sufferer who allows the disease to go unchecked. By dissolving and removing from the system the poisonous Uric Acid, **Athlophoros** quickly relieves the pain and reduces the swelling thus helping nature to restore the shattered system to its normal condition of health and activity. Every druggist in this town sells and recommends it. Ask your druggist for

## Business To Suspend Xmas

Business cares will be laid aside in Coshocton tomorrow and Christmas cheer will reign supreme. All the stores will close at noon. The drug store generally will be closed from 12 until 6. Following the rules of the union the barber shops will be closed all day but will keep open late at night. The banks and the court house will be closed all day. There will be a general suspension of work at all the factories but a few departments of some of the larger concerns will be kept running, owing to the rush of orders. There will be no issue of The Daily Age and the employees will join in the general Christmas festivities.

**PILES CURED IN 6 TO 14 DAYS**  
PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50 cents.

## May Sign With Ashland

Floyd Shaffer went to Ashland today to spend a few days with friends and will possibly sign a contract with the Ashland base ball team as catcher for the coming season. He was with them all last year and became a great favorite among all who knew him.

### CHARMING WOMEN.

Nothing lends more to personal charm than a clear rosy skin and nothing is sure to free the skin from blot spots, sallowness and the effects of chronic constipation as the Dainty Laxakola tonic tablets, 25 cents. C. E. Anderson.

## Trotman at Usual Haunts

The report was circulated here Monday that George Trotman, of Otsego, who is under bond for forgery, had disappeared from Otsego last Tuesday stating that he was coming to Coshocton but has not been seen since. Inquiry at Otsego is to the effect that the report is without foundation as Mr. Trotman is at home.

## Xmas Program at Lafayette

An excellent Christmas entertainment was rendered Sunday evening at the Methodist church in West Lafayette. The following program was given:

### Tonight's Game.

Manager Fehr has received a fine picture of the Utica polo team which will play here this evening. They are all said to be semi-professional players. Coshocton's team will have Reed, Smythe and Pope in their regular positions, but the position of first and second rush has not yet been decided. Parker or Thompson, Deeds or Boyd will play those positions. Boyd or Thompson will referee.  
Utica played in Newark Saturday night and won. The game will be called at 8:30 o'clock.

### Bowling Notes.

The cold weather Saturday made the bowling alleys very busy. The high scores rolled at the Parkview alleys are as follows: William Smith 51, 59, 63, 55, 67, 50, 61, 54, 66, 55, 64, 69, William Bachman 54, 53, 51, Ed. Arnold 51, Walter Baker 54, 62, 59, 56, 62, 52; Cliff Overholt 53, 54, 64, 51.

### Knights to be Busy.

The Knights of Pythias will confer the ranks of page and esquire on one candidate this evening at their Castle Hall at a special called meeting and the rank of knight on five candidates Wednesday evening. A full attendance and a good time is expected.

### Fell at His Work.

Owen Betts, a waiter at the Star, fell prone to the floor from heart failure about 11 o'clock Sunday night while at his work. Dr. Barcroft worked with him half an hour before he was out of danger.

### "How to Size Up a Man."

Rev. Dr. Korrell will give another of his popular lectures at the Christian church, Seventh street, Friday evening Dec. 23, 8:00 o'clock. Free admission. Free will contribution.

### NO WONDER JOHNNY'S WISE

In the cast of the farcical musical comedy, "Johnny Wise," will be several comedians of strong popularity. The company presenting the musical absurdity is one of the largest ever brought to this section and embraces a score of very pretty girls. The music is the latest and catchiest, the scenery magnificent and the dialogue and situations are of the character of the Hoyt farce. The company will be presented by that very able manager, Harry B. Linton, which is an assurance of its real worth. At the 6th St. theatre Christmas matinee and night.
